INTRODUCING: OUR FIRST-EVER MOBILE APP!

Customers can now easily monitor their electricity consumption, manage their account on-the-go, and stay up-to-date during power outages with Hydro Ottawa's new free mobile app!

The recently released app acts as a personal energy advisor to customers, delivering timely and relevant insights about their electricity usage in the palm of their hands. They'll also receive alerts and notifications with customized saving tips, neighbourhood comparisons and cost projections.

The app can be downloaded free-of-charge from the Apple App Store and the Google Play store. Once downloaded, customers can login using their email address, Facebook account or Google account.

To learn more, visit hydroottawa.com/app.

AS SMART AS A FOX ABOUT ELECTRICITY

Communicating the importance of electricity safety and conservation is critical, especially amongst youth. That's

and safety via in-school presentations.

Last January, Hydro Ottawa rolled out a new and exciting *Whiz Quiz* contest for students in Kindergarten through to Grade 8 to test their knowledge of electricity and safety after they've received the presentation. From January through to March 31, nearly 500 students took the *Whiz Quiz* contest. One lucky winner from Georges Vanier Catholic School was awarded an Apple iPad, proving they were "as smart as a fox about electricity!"

We're looking forward to many more *Whiz Quiz* entries as a way to enhance overall knowledge of electricity for the students (and their parents!) in our community.

LOOKING FOR SUBJECT MATTER EXPERTS TO ATTEND YOUR NEXT MEETING?

Hydro Ottawa has subject matter experts available to speak on a variety of topics at any upcoming meetings or events in your community. Whether it's tree trimming, conservation programs, work being done in your community or more information regarding low-income assistance programs, our talented and qualified personnel are able to assist by sharing their expertise and answering questions.

Contact Lindsay Armstrong, Community Engagement Officer, via [email](#) to arrange a subject matter expert to speak at an upcoming event.

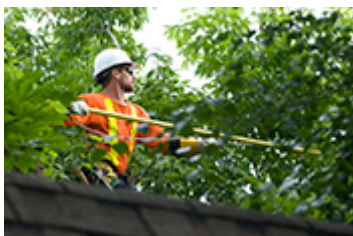

BOOK OUR CONSERVATION TEAM FOR YOUR SUMMER EVENT

Our Conservation Team is getting ready for another busy season of community events. The team shares useful information about energy efficiency through interactive displays and coupons to educate about, and promote, electricity conservation.

If you would like the team to attend one of your events, email us at conservationteam@hydroottawa.com. But hurry; the calendar books up quickly!

To see where the team will be in the community and to find out more, [click here](#).

TREE TRIMMING – WHY IS IT IMPORTANT?

Trees are an integral part of our community, however, when they're close enough to touch overhead power lines, they can compromise public safety and cause power outages. That's why ensuring adequate clearance from electrical lines is a priority for Hydro Ottawa.

We continuously monitor and gather data about trees in proximity to overhead power lines and with the help of

than 40,000 trees.

Notice a tree near an overhead power line, need a temporary outage to trim or remove trees on your property? Contact our [Forestry Team](#) at 613-738-6400.

Check out our [tree trimming video](#) to learn more!

GLOWFAIR RETURNS TO OTTAWA – BIGGER, BRIGHTER AND BETTER THAN EVER!

As a proud sponsor again this year, Hydro Ottawa will be helping Glowfair get its 'glow on' Saturday, June 17. Our conservation team will be on-hand to share useful information about energy efficiency through interactive displays and games. Stop by our tent in the "Energy Zone" at the corner of Bank Street and Nepean Street, join us for a high-energy afternoon!
